Agenda

Upcoming harmonization meeting

- Ioana will not likely be able to attend.
- Kathleen asked if Russ’ vocab submission tool is ready yet. The participants on the call were not sure if it would be.
- **Action**: Woody will follow up with Russ and post the answer to the MnM and Harmonization lists.
  - **Update**: The vocab submission tool will not be ready/required for this cycle.

Scheduling

- Updated MnM schedule on the MnM Schedule.

Other Items

- Brief discussion of the namespace for value set names.
- Bug fix release for the RMIM designer is forthcoming soon.
- Woody release a patch last night to fix a problem Gregg was having with the PubDB. People need not apply this unless they are experiencing problems.
