Approved Projects
The TSC approved the following projects:

CDS Knowledge Sharing Implementation Guide, for Clinical Decision Support WG of DESD, cosponsored by Arden Syntax at Project Insight 931. This work effort will encompass the creation of a DAM & associated Implementation Guides for CDS Knowledge Sharing informed in part by the requirements developed as part of the Standards and Interoperability Framework’s Health eDecisions initiative.

Clinical Oncology Data Standards for Structured Documents WG of SSD SD at Project Insight # 921 will promote interoperability and information exchange among cancer care providers and patients. At this stage, focus is on immediate steps which will enrich the transfer of primary electronic information among providers and between providers and patients. It is an incremental step in establishing a rapid learning system and ultimately will benefit the research and reporting activities which, in turn, support the delivery of care. The Project will augment access to and reuse of this mission-critical information through development and promotion of a series of data specifications built on CDA templates.

Other Approvals
The TSC approved the withdrawal of the following project and associated ballot:

Additional Information Specifications 0000, 0001, 0003, 0004, 0005, 0006: Update to CDA Release 2, at Project Insight # 135, is requested for withdrawal by Attachments WG. Since last balloted in 2007 May, Attachments is adopting the implementation guide for CDA Release 2.0 Consolidated CDA Templates as a replacement for the AIS update to CDA Release 2 in order to meet the criteria for the ACA claim attachment regulation.

Additional Information Specification 0010: Drug Prior Authorization Attachment, Release 1 - Based on the HL7 Clinical Document Architecture, Release 1.0 at Project Insight 282 is requested for withdrawal by the Attachments WG of DESD. Last balloted in 2006 May, The pharmacy industry has decided to withdraw the drug prior authorization attachment request and will focus on using the HL7 Implementation Guide for CDA Release 2.0Consolidated CDA Templates for their purpose.
