Approved Projects

**Meaningful Use EHR System Functional Profile (of HL7/ISO 10781 EHR System Functional Model Release 2)** at Project Insight # 1008 for EHR WG of SSD SD cosponsored by Mobile Health WG. The scope of this project is to develop an EHR System Functional Profile (FP), referred hereafter as MU FP, by identifying functions/criteria from HL7/ISO 10781, EHR System Functional Model Release 2, pertinent to U.S. Meaningful Use (MU) Stages 1, 2 (and 3, as it develops) and aligning the same with ONC 2014 Certification Criteria. The Project may use the Enterprise Architect-EA (© Sparx Systems) based HL7 EHR-Tooling Product to develop the FP (when available).

**White Paper: A Framework for Standards to Report Quality Measures**, at Project Insight 1039 for CQI of DESD. The goal of this white paper is to identify, describe and analyze how various electronic standards currently in existence meet requirements as an end-to-end workflow to create quality measures, collect and report the required data and enable quality improvement in health care, and to identify gaps in existing standards, opportunities and needs for new standards, and make recommendations to address these gaps, opportunities and needs.

Approved Publications

**DSTU Publication Request**

**HL7 Version 2.5.1 Implementation Guide: Birth & Fetal Death Reporting, R1, US** Realm for PHER of DESD: requesting publication as DSTU for 24 months (ballot title: HL7 Version 2.5.1 Implementation Guide: Reporting Birth & Fetal Death Information from the EHR to Vital Records, R1) at Project Insight 816. The HL7 Version 2.5.1 Implementation Guide: Birth & Fetal Death Reporting, R1, US realm is an effort to provide guidance and messaging infrastructure for transmitting medical/health information on live births and fetal deaths from a birthing facility setting to a jurisdictional vital records electronic registration system. The use case describes the transmission of the data using trigger events and abstract messages to record the creation, revision, or retraction of live birth or fetal death reports.

Other Approvals

From the 2013Sep WGM:

- The TSC elected Ken McCaslin as TSC Chair for 2014-2015.
- The TSC endorsed John Quinn's recommendation for Tony Julian to become the new chair of the ArB, effective immediately after the WGM, and thanks Ron Parker for his service. Lorraine Constable will remain the vice-chair of the ArB.
- The TSC re-affirmed Melva as its liaison to ORC.
- The TSC endorsed the recommendations from the FHIR Management Group (FMG) and FHIR Governance Board (FGB) for two new members of the FMG, and welcomes Paul Knapp and Josh Mandel to the FMG.

How to find TSC information

The TSC wiki site houses its minutes, process documents, templates, links to the ArB wiki and the TSC Issue Tracker, a list of current projects, and more. You can access the TSC wiki at: [http://www.hl7.org/permalink/?TSCWiki](http://www.hl7.org/permalink/?TSCWiki). See the links below for instructions on how to view the list of projects and access the TSC Issue Tracker.
