Approved Publications

Publication Request

**HL7 Version 3 Standard: Decision Support Service (DSS), Release 2** for CDS WG of SSD SD at Project Insight #1015 requests DSTU publication for 24 months. A Decision Support Service takes in patient data as the input and provides back patient-specific assessments and recommendations. A Decision Support Service facilitates the implementation of clinical decision support capabilities in a scalable manner. The service payloads used by a Decision Support Service (e.g., Consolidated CDA or Virtual Medical Record representations of patient data) are defined through other projects within HL7. This specification is an update to the Decision Support Service Release 1 standard. Compared to Release 1 of the standard, the main update is the addition of a Representational State Transfer (REST) Web service interface to the existing SOAP Web service interface.

**HL7 Implementation Guide: Decision Support Service, Release 1** for CDS WG of SSD SD at Project Insight #1018 requests DSTU publication for 24 months. This implementation guide defines a DSS implementation approach that combines the HL7 DSS Release 2 standard with the HL7 Virtual Medical Record for Clinical Decision Support (vMR-CDS) information model standard to enable the provision of standards-based, interoperable decision support services.

**HL7 Implementation Guide for CDA® Release 2 - Level 3: Healthcare Associated Infection Reports, Release 2; DSTU Release 1– US Realm** for SDWG of SSD SD at Project Insight #1003 requests publication for 24 months. This project developed an implementation guide constraining CDA Release 2. The implementation guide supports electronic submission of HAI data to the National Healthcare Safety Network. CDC provided NHSN developers, vocabulary experts and CDA experts to support this project. SDWG reviewed the design and draft specification before ballot.

Other Approvals:
- The TSC welcomed John Roberts to his term as DESD co-chair, thanking Mead Walker for his service.
- The TSC welcomes Ken McCaslin to his elected term as TSC Chair and named Austin Kreisler as an Ad-Hoc member for one year.

How to find TSC information

The TSC wiki site houses its minutes, process documents, templates, links to the ArB wiki and the TSC Issue Tracker, a list of current projects, and more. You can access the TSC wiki at: [http://www.hl7.org/permalink/?TSCWiki](http://www.hl7.org/permalink/?TSCWiki). See the links below for instructions on how to view the list of projects and access the TSC Issue Tracker.
