DSTU Publication Requests

**HL7 Implementation Guide for CDA® Release 2: Questionnaire Response Document, Release 1** for SDWG of SSD SD for 24 months at Project Insight #977. The purpose of a Questionnaire Response document is to capture the health survey answers or answer sets to questions that have been administered to a patient. Questionnaire Response documents enable the capture of responses for surveying the patient's perceptions on their health and the impact that any treatments or adjustments to lifestyle have had on their quality of life. The Questionnaire Response documents may carry a variety of clinical and non-clinical responses in order to convey back to the healthcare organization the results of a patient questionnaire prescribed according to the Questionnaire Form Definition document.

**HL7 Implementation Guide for CDA® Release 2: Questionnaire Form Definition Document, Release 1** (balloted as Structured Form Definition Document) for SDWG of SSD SD for 24 months at Project Insight #976. The purpose of a Questionnaire Form Definition document is to capture the health survey questions or question sets to be administered to a patient. Questionnaire Form Definition documents enable the definition of questions for surveying the patient's perceptions on their health and the impact that any treatments or adjustments to lifestyle have had on their quality of life. The Questionnaire Form Definition documents may carry a variety of clinical and non-clinical questions and branching logic in order to present the patient with a dynamic health survey for assessing health status including, but not limited to, the patient's functional, cognitive, and physiological characteristics.
