

New Deadline for Ballot Pool Sign-Up – 2 Weeks Before Ballot Close

HL7 members and others interested in signing up for a ballot pool in the upcoming May 2008 Ballot Cycle should be aware of the new deadline for ballot pool sign up. Ballot pool sign up will now close two weeks before the ballot close date. This new deadline also applies to non-members who wish to sign up for paid participation in a ballot cycle.

This change is being made in accordance with the new Governance and Operations Manual. In the past, some members and non-members have tried to sign up and vote in a pool the evening that a ballot closes. In these instances, there is no support available to resolve any sign up or voting issues. We hope that the new deadline will help us resolve issues any members or non-members might have well before the ballot close deadline to ensure that their voting on a ballot is trouble free.
