Value Based Care Breakout Session: HL7 Partners in Interoperability Oct 2016

Themes:

Gaps in Care

Provider Directory Mgt

Closed Loop Data
Connectivity

Quality Measures

360 Degree View
Of Care

Adjust QMs

UM

Transitions in Care

Over/Misuse of Care

Provider Feedback from
CDS @ POC to

\$15 billion in
VC funding has
created noise

Rapid evolution
of concepts and
technologies

Regulatory
compliance forcing
us to pivot

Difficult to operationalize
unique/innovative
initiatives

Problems-to-be-Solved (PTBS)

**Ecosystem for
Payers to
Collaborate**

01

**Payer Trust of
Provider Data
Provider Trust of
Payer Data**

02

**Normalizing Provider
Performance across
ALL Payers in specific
market**

03

**Who Sets Quality
Criteria?**

04

**How to Align
Incentives to Drive
Accurate Data Sharing**

05

**Adoptability to
NextGen QMs**

06

**Velocity of
Accurate Data**

07

<u>TIER ONE</u> Gaps in Care	<u>CARE</u> Better Outcomes	<u>COST</u> Less Utilization	<u>PATIENT Eng.</u> Ownership Proactive care Adherence/Education
T.O.C	Readmits Handoffs	Readmits Proper UM Admin Burden	Better Experience
Over/Misuse of Care	Less Complications	Redundancies Resource Optimization (for risk strat) FWA	Better Experience
QMs	Outcomes Alignment/transparency Variance in Care	Admin Burden Resource Optimization	Understanding Education Adherence

Breakout Discussion Topics

- Review of April Meeting
- Implementing FHIR: Lessons from Project Argonaut (Micky Tripathi)
- The FHIR Connectathon experience: Pre-populating EDC forms from EHR eSource
- Discussion of use case scenarios for Jan. Connectathon
 - Expanded pre-population of CRFs
 - Protocol feasibility
 - Patient engagement & Population health

Day 2 Discussion Topics

- Use Case: A FHIR Immunization app (Bev Buckta)
- FHIR Resources and profiles and the Clinicians on FHIR experience
- Streamlining Validation and Testing (Mario Hyland, Aegis)
- Discussion of Regulatory Use Cases: Using Real World Evidence and Pragmatic Trials in Oncology
 - Applying lessons to Regulatory Use Cases for NDA Safety Review and REMS

Breakout Rooms

- **Clinicians: Pullen Plaza (this room)**
- **Biopharma: Room 31 (level 2)**
- **Value-based Care: Room 33 (level 2)**
- **Lunch/breaks: Chesapeake Galley**
